CCC Head Visits Camp Higgins Lake

Mr. Robert Fechner, federal director of the Emergency Conservation work, made an inspection of Camp Higgins Lake on Monday, July 13. Mr. Fechner has been director of this organization since its inception in May, 1933.

Accompanying Mr. Fechner were members of the Milwaukee regional forestry office, the Lansing M.E.C.W. office, the Gaylord M.E.C.W. office. Members of the Camp Custer CCC District M.E.C.W. personnel and army personnel also were present. Guests from the surrounding communities were Mr. Sanders, president of the Houghton Heights Chamber of Commerce, Mr. Kepler, of Houghton Heights, Mr. DeWaele of Keweenaw, Mr. John Bruun, banker and landowner of Grayling, and Mayor Olsen of Grayling.

A dinner was served at 12:30. After the dinner a few words were spoken by some of the guests. Mr. Bruun spoke of the accomplishments and value of the CCC. He stated that in his opinion the CCC should become a permanent organization. Mr. Morrell, Assistant United States forester, spoke of the origin and elementary plans of the CCC. He emphasized the value of the technique which the army uses and its assistance in planning for our American youth.

Mr. Fechner was introduced by Captain George Murphy. He showed himself fully conversant with the field administration of the CCC. He stated that this was the personal institution of President Roosevelt. "The President," he stated, "recognized the need and value of an organization which would give employment to thousands of youth who could not be absorbed immediately by private industry and which at the same time would give to conservation an impetus and strength which it had long needed." He pointed out that no Federal project is closer to the President than the CCC.

He paid tribute to the Army for the efficient way in which it handled the difficult task of organizing such a new project. He emphasized the value of this

new Federal and State project to the army. "The army," he said, "could never have gained the experience otherwise that it has thru the CCC except in the case of actual warfare. The army will continue to profit from the experience in this work for years to come."

He paid tribute to the technical personnel and offered thanks for the way in which they handled the job which was theirs. "It was the President's wish that these boys be given work which would not interfere with private industry and at the same time would be work which would return dividends to the public. This was accomplished by the splendid group of men who are drawn into the technical service," he said.

To the enrollees who have spent from a few minutes to two years in the CCC, Mr. Fechner also paid tribute. He stressed the value of the camps to these boys. Discipline, good food, honest work, reasonable treatment, and a change of mental attitude were mentioned by enrollment in this new youth movement.

Mr. Fechner closed by stating that the CCC is one of the most valuable organizations which the Federal Government has ever sponsored.

HERE'S "THEM THERE" TEMPERATURES

George Schaible, official recorder of the weather at the military reservation reports the following temperatures during the recent heat wave:

July 7	100
July 8	102
July 9	100
July 10	100
July 11	104
July 12	104
July 13	102
July 14	98

In the 40 years that the records have been kept at the reservation, Mr. Schaible reports this as the longest stretch of warm weather at any one time. June 1, 1934 it registered 103, but that was one day only and in June more than 20 years ago there is 106 recorded, but it does not give the year.

The weather began to moderate at about 4:00 Tuesday afternoon and Tuesday evening it seemed good to breathe freely once more. Yesterday the temperature ranged in the 80s.

"We have heard the expression 'crazy with the heat' but we hadn't expected to really experience anything resembling it."

Not even Lake Superior's shores could provide a comfortable spot. As high as 107 degrees in the shade was reported near Big Bay on Lake Superior. Not until Tuesday evening of this week did we get any relief, and that was most welcome.

RUNAWAY GIRL PICKED UP HERE

Pearl Gerow, age 14 years old, was picked up in Grayling last week, having run away from the juvenile detention home in Saginaw. She with an older girl had run away and first hitch-hiked to Lansing and then here. Getting here late in the night they roamed the streets and early the next morning walked out in the direction of the Fish hatchery. They met up with some fellows, one of whom posed as deputy sheriff of this county. Later the older girl and one of the chaps left while the other came to Grayling she said to get some sandwiches, leaving her in the woods. She said she couldn't find the way back to Grayling and was found by Adam Gierke, sitting at the side of the road crying. Mr. Gierke brought her over to welfare authorities. An investigation by Probate Judge Moore revealed that she had run away and Saginaw authorities were notified and they came after her Friday. The child was taken care of by Mrs. Verna Barber, county agent, while here.

Republican Meeting

All republicans in Crawford county are urged to be present at a meeting to be held in the Circuit court room in the court house on Friday evening, July 17th at 8 o'clock. One of the purposes of the meeting will be to select a slate of candidates for the various county offices. There will also be other important business to discuss.

Republican Clubs of Crawford County.

Public Opinion

To Mr. Tony Nelson and State Employees:
We would like to have you know how much we enjoy our new road. We never could have our front doors open in warm weather before without our homes and furniture being covered with dust.

Thank you,
Mrs. Dan Bradow.
Mrs. Fred Niederer.

APPRECIATION

I wish to thank those who kindly furnished their cars, also all others who in any way helped to make the County clerk's convention a success.

Axel M. Peterson,
County Clerk.

Celebrate Golden Wedding Day

Sunday, July 12, Mr. and Mrs. Charles B. Johnson celebrated the fiftieth anniversary of their marriage, and many of their friends made the occasion happier by dropping in at their home during the day.

At 6:00 o'clock, the family and their guests enjoyed a beautifully appointed lunch. Covers were laid for 24 at a table nicely decorated in colors of white and gold. A handsome wedding cake, gift of Mrs. Chris Johnson, decorated in white and gold, was flanked by gold tapers. At this time Rev. Hans Juhl gave a very nice talk and Hans Peterson, who has been a friend of the couple for the past 54 years, gave a very interesting talk. As a token of their esteem, the members of the Danish Lutheran Church presented Mr. and Mrs. Johnson with a beautiful bouquet of yellow roses. They were also nicely remembered by many of their friends and relatives.

Mrs. Johnson, whose maiden name was Hansine Hanson, was born at Nestved, Denmark, June 18, 1866, and came to this country with her family when she was only 14 years of age, and they settled in Manistee. Born at Gottenborg, Sweden, in 1855, Mr. Johnson came to America 1872 with his family and at first they settled in New York and then in Pennsylvania. He first came to Michigan in 1883 and made his home at Manistee. The couple were united in marriage July 12, 1886, at Manistee, the Rev. Jorgen Hansen officiating. Mr. Johnson, at that time, was a log driver at one of the large lumber camps which were in their prime at that time. However, shortly after their marriage they came to Grayling and took over the old Manistee Hotel, (now the Fischer Hotel) which they operated for one year; leaving here they returned to Manistee where they made their home for two years. In 1892, they moved to Lewiston and built and operated a hotel, which later on was destroyed by fire. Mr. and Mrs. Johnson were the second family of settlers to make their home in Lewiston; residing there for twelve years.

The family has resided in Grayling for 34 years, except for two years when they made their home at Alpena.

Mr. and Mrs. Johnson are happy to have with them at home their daughter Mrs. Mollie Bosworth, and two sons, Carl and Clarence Johnson.

Mr. and Mrs. Johnson are among Grayling's most estimable citizens and the Avalanche joins a host of friends in wishing them many more years of happiness together.

SYNDICATE WRITER ENJOYING BREEZES AT LAKE MARGRETHE

In search of the piscatorial and recreational advantages which have made Grayling one of the north's most popular summer sections, Jimmy Donahue, widely known sports authority and columnist of the N.E.A. syndicate, whose regional headquarters are in Cleveland, is spending two weeks on Lake Margrethe with a party of three other Ohioans.

For several years a patron of Canada, Wisconsin, Minnesota and other states which vie with Michigan for the nation's tourist business, Donahue was attracted to Michigan by Ben G. Wright of the East Michigan Tourist Association, who spent several days this week with the writer.

This is Donahue's second visit to Michigan. While vacationing and fishing in the Alpena section last season, he made two trips to Grayling, on one occasion fishing the AuSable with amiable Jack Redhead, the other time in quest of bass on K.P. lake. During the winter Donahue syndicated several of the stories he personally wrote while in Michigan and many more provided by the publicity department of the East Michigan Tourist Association.

N.E.A. services several hundred newspapers throughout the United States.

While in Grayling fishing for trout, bass, pike, and otherwise enjoying his vacation, Donahue is staying in one of Dr. R. A. VanVleck's cottages on Lake Margrethe.

NOVICE TENNIS TOURNAMENT AT BAY CITY JULY 27-31

Tennis players in Grayling and surrounding vicinity are invited to compete in the second annual novice tennis tournament to be staged at Bay City July 27 through July 31.

Winners and runners-up will represent the district in the state finals at Detroit starting Aug. 8 with all expenses for the trip to be furnished. The deadline for enrolling is July 24.

Any player who has not won a college letter or a major tennis tournament is eligible for the novice meet. To enroll, write the sports department of the Bay City Times for an entry blank or clip the blank which is carried on the sports pages of that paper daily. Competition is in two classes, men's singles and women's singles.

Deaths

GEORGE DARLING PASSED AWAY

George Henry Darling, age 58, passed away at his home Saturday afternoon, following a stroke caused, physicians stated, from the intense heat. He had been ill for the past six years with paralysis, which steadily weakened his health from that time on. The deceased was born at Battle Creek, on October 24, 1877, and made his home there until the family moved to Mitchell, So. Dakota, and later to Whitehall, New York.

In 1906 he was united in marriage to Hazel Bradshaw, who passed away seven years after their marriage, leaving two children, both of whom are still living, Mrs. Donald Ferguson, of Toledo, and William, of Whitehall, N. Y.

Mr. Darling for several years was railroad engineer on the Delaware-Hudson line. At that time the family was located at Whitehall.

In 1915 he was united in marriage to Mary Taylor Boddy, and in 1921 they came to Grayling and have resided here since.

Mr. Darling was a good citizen and will be greatly missed by his many friends and acquaintances.

Funeral services were held Wednesday afternoon, at 2:00 o'clock at the home. Rev. Edgar Flory officiated and interment was in Elmwood cemetery.

Surviving besides his widow are his daughter, Mrs. Donald Ferguson, of Toledo, and son, William Darling, of Whitehall; two sisters, Mrs. Harry O'Connor, of Chicago, and Miss Stella Darling, of Kalamazoo; two brothers, W. E. Nichols, of Paw Paw, Mich., and Bert Darling, of Chicago; one grandson, Charles Ferguson, of Toledo.

The family have the sympathy of their friends in their sad bereavement.

JOHN OLSON BROUGHT TO GRAYLING FOR BURIAL

John Olson, well known and highly esteemed resident of Grayling for over 30 years, passed away at the home of his daughter Mrs. A. W. Smith in Saginaw, Monday morning, death

being due to the infirmities of old age. He was 84 years old.

The remains were brought to Grayling and funeral services held at the Danish-Lutheran church Tuesday afternoon, Rev. Hans Juhl officiating. Interment was in Elmwood cemetery.

Mr. Olson was born in Falster, Denmark, and left his native land for America when he was 18 years old. He was shortly followed by his childhood sweetheart Karen Jacobsen, whom he married. Four children were born to them, two of whom survive, Mrs. Augusta Olson of Saginaw and H. P. Olson, Detroit. One daughter, Anna, passed away in 1920 and James in 1928. Mrs. Olson preceded him in death in 1924 and since that time Mr. Olson had made his home with his children.

During his residence in Grayling Mr. Olson operated a draying business. He had hosts of friends among old and young and always was known to be a fine citizen, one who could be depended upon to do his part at all times. He was a brother of the late Nels P. Olson.

Those from out of town here in attendance at the funeral were Mr. and Mrs. A. W. Smith and daughter Mildred, Mr. and Mrs. Frank Dorr, Mr. Dorr's mother, of Saginaw; H. P. Olson, Detroit, and Mrs. James Olson and daughter June, Grand Island.

DOLPHOS DELAIR PASSED AWAY

Funeral services were held this morning at 9:00 o'clock at St. Mary's church for Dolphos Delair, who passed away at the County Infirmary, Monday evening following a lingering illness. Interment was in the Frederic cemetery.

The deceased was a resident of Maple Forest and last week was brought to Grayling so that he might be near a doctor, and where he would be sure to get the best of care.

Mr. Delair, who was 76 years of age, was a native of Canada and came to Crawford county 65 years ago, making his home here ever since. He was a fine old gentleman and will be greatly missed by many friends.

Surviving are three brothers, two of whom live in Maple Forest, Joseph and Louis Delair. The other brother resides at Bay City.

The family have the sympathy of many friends in their bereavement.

Walter L. Main Circus Here Aug. 1

The Walter L. Main Circus which will exhibit in Grayling for one day only, Aug. 1st, with its many new features has been, what some people call lucky by having so able an executive as Mr. Main to steer such a vast enterprise so successfully through the many years it has been appearing before the amusement-loving public.

The sacred white dromedary is just one of the extraordinary features to be presented and is the only white dromedary in America today. A dromedary is sometimes mistaken by the public as being a camel, and such a mistake was made by the manufacturers of Camel cigarettes when their photographers slyly sneaked a picture one day during an exhibition of the Main Circus, of what they thought to be a camel, but which was in reality a dromedary, and before the mistake was discovered the drawings, cuts and advertising material of that brand of cigarettes was well in the making. A camel has two humps on its back while a dromedary has only one.

Among the other animal features there is "Cupid", the only pony in the world that is said to actually talk and not only obeys every command of his trainer, but also those of the spectators as well and is a feature that has taken several months of consistent training to perfect.

Also there is "Mickey McGuire," the only trained baboon that actually presents an entire act in a ring by himself without the aid of a trainer, taking his place among human performers, presenting features that will amaze the most skeptic. Also there is Jumbo, Jr., the largest beast that walks the earth, droves of camels, herds of elephants, acrobats, clowns, aerialists, all making up a full two hours' performance which will be presented twice—at 2:00 and 8:00 p. m., rain or shine at the Tourist park in Conning's Grove.

**FOREST FIRES DID LITTLE
DAMAGE IN COUNTY**

Numerous forest fires have been reported in Crawford County during the extreme dry spell. Conservation officer, Harry Souders, says that there has been a fire every day except for the past two days, but that none of these fires have been large and were quickly put under control. One of the largest was that which occurred near the National Log Construction Co., and which burned only half an acre before it was extinguished.

Two dangerous forest fires have occurred in Kalkaska county. The larger is reported to have burned over about 2500 acres. A smaller fire was located on M-76 in the region of the Manistee river.

Heroic fighting on the part of C.C.C. enrollees from surrounding camps, together with the aid of volunteer civilians, have reduced the fire hazard and all the fires in the locality were soon under control.

"TUST" GOT KIDNED

Harry Reynolds was pretty sore last Thursday afternoon when Corp. McBride of the State Police "pinched" him for "tust driving." Harry was driving the new 1 1/2 ton truck of the Wolverine Gas & Oil Co. and claims to have been driving about 40 miles an hour, and says that that was the first he knew that he was being driven on public high way in Michigan. But what made Harry mad was that McBride claims to have clocked him at 65 miles an hour, a speed that he doubts can be reached by that truck, and faster than any fair-minded driver would want to drive a brand-new truck. Then to make things worse the officer demanded that Claude Rowell show his driver's license. Rowell had no objection to showing his license, according to Mr. Reynolds, but he had not been driving the truck and didn't consider it any of the officer's business whether he had a license or not. They say that the officer threatened to take Rowell to the Gaylord jail unless he produced the license. As a rule the State police are fine, courteous fellows, but if we have the facts as they really occurred in this instance, it does seem that that officer lacked the courtesy that he demands of others.

South Side Locals

Kermit Charron spent the week end sightseeing at Mackinac Island.

Joseph Pentrack of Detroit, visited over the week end at the Frank LaMotte home.

The Gannon twins, Audrey and Beverly, are visiting their grandparents, Mr. and Mrs. Oscar Smock, at Frederic.

L. A. Krome, of Jackson, spent the week end visiting his family here at the Carl Larsen home.

Forest Brado left Wednesday morning for Kenton, Mich., where he has enrolled in Camp Kenton, Co. 662.

Miss June Schofield, who is employed at Detroit, visited her parents, Mr. and Mrs. Dan Schofield over Sunday.

Mrs. Dan Brado and Howard Granger drove to Bay City, Sunday, and accompanied home the former's daughter, Audrey, and son, Roger, who had been visiting the Alfred Bebb family.

Mr. and Mrs. T. SanCartier spent the week end in Detroit. Sunday was the birthday anniversary of the former's sister, Mrs. Cy Perkins, and relatives were there to help celebrate the occasion.

Among the Clerks

(By J. Wellington Burnsted)

Charles Wylie has had such good luck at handling Coats at Olivet College that he is back home impressing the town gals. He's back on the A. & P. force.

Imagine our surprise when we beheld Swede Swanson, of Blackie's Tavern, out with one of the city's notables, Sunday evening.

A number of the clerks hid their Oldsmobile out to the Otsego Lake region, Friday evening, but returned home, much disappointed because there were no fireworks. Next time they plan to carry their own.

Leland Marshall, Bert Confer, and others of our young swains have stepped to the front with fine replicas of summer checks and plaids and self-speaking ties. And they seem to be getting noticeable results.

Which reminds me—Young Bert appeared to be giving a former girl friend the grand rush, Saturday evening.

Looks pretty natural to see Jens Ziebell draped over the counter of the Connine Grocery once more.

Very few places can boast of two A-1 clerks. Hanson's Hardware has two of the best—'Lanky' Papendick and 'Tootsie' Peterson.

Kennie Clise has sent to South America for a chimpanzee which he can train himself, and to New York for a hand organ. Ken seems to believe it would be much pleasanter to panhandle on a shady corner this weather than to dash around making other people cool. Personally, I believe this new venture would go over big—Ken has such a "hungry looking" face.

Helen Brady's favorite expression—"Don't hit me; I'm sun-burned!"

**Landon-Knox to Carry
New England: Martin**

New York—Landon and Knox will carry all the New England states in the November election, said Joseph W. Martin, Jr., of Washington, eastern G. O. P. campaign manager.

"Eastern industrial centers feel the New Deal has been a hardship on them," he declared. "This is particularly true in the textile centers."

"New England is all Republican. We're going to carry every state for Landon and Knox and make a substantial gain in congress."

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

Thursday, July 19, 1936

The locals split even with the Luffkins of Saginaw in two games, losing Saturday by a score of 4 to 3, but won Sunday 8 to 6.

Mrs. Austin Bailey of Pittsburg is visiting her sister, Mrs. Eabern Hanson.

Born last week Wednesday to Mr. and Mrs. Christ Hanson, a fine baby girl.

Mrs. H. R. Nelson and children are enjoying their vacation visiting relatives and friends in Milwaukee, Green Bay and Grand Rapids, Wisconsin.

George Mussler, former employee at Milks' market has returned from a three months' trip to Germany and other countries in Europe.

Major M. J. Phillips, of Owosso, was a pleasant caller at this office Tuesday. He was here with the members of the State Military board. While here he was a guest of Mr. and Mrs. Charles Robinson, parents of his wife.

In the extreme heat of Tuesday afternoon, an alarm of fire was turned in at No. 39 to which the fire department responded and found it to be a barn belonging to Peter Aebli. The building was so dry it was soon consumed. The barn belonging to Mrs. Knight also burned with it.

Wm. McCullough has added another blacksmith to his working force.

Mrs. Olaf Michelson is entertaining her sister, Mrs. N. J. Patson and little daughter of Detroit.

Miss Johanna Henrikson is back in the post office again after a two weeks visit with Miss Magrant at Big Rapids.

H. M. Jorgenson returned Tuesday of last week to his home in Oakland, Calif., after visiting his sisters, Mrs. F. L. Brown and Mrs. Peter Nelson.

Hugh Oaks and son Ralph, of Flint, arrived Monday and will spend the week with friends and relatives.

Einar Rasmussen, after accompanying his mother, Mrs. Peter Rasmussen to New York, where she left for Denmark for a visit, spent several days in Ithaca and Geneva, N. Y.

Mrs. Samuel Pollack and little stepdaughter, Bertha, arrived Monday from Detroit, and are spending a couple of days at the home of her mother, Mrs. Kraus. Little Leo Weinberg of Saginaw, is visiting his grandmother, Mrs.

Kraus also. Members of the state military board made an official visit to the Hanson Military reservation on Tuesday last. Contracts have been let for clearing and the erection of some of the buildings. N. C. Nielsen has been given the contract for building the warehouse and the caretaker's residence.

Miss Sias has sold her millinery business to Mrs. F. E. Gregory, of Rochester.

The marriage of Miss Hilma Marie Alstrom of East Jordan to Mr. Chas. Robert Adams of this city took place at the home of the bride at East Jordan last evening.

Mrs. Capstraw, night clerk at the M. C. dining hall, accompanied by her niece, Miss Katherine O'Leary, left for Lindsay, Ont., Wednesday morning for a visit at the home of the latter's parents. Miss O'Leary is a nurse at Mercy hospital.

Mrs. Charles Canfield entertained a number of lady friends on Wednesday afternoon with a "500" party.

There was a small attendance at the annual school meeting Monday night. C. T. Jerome was re-elected moderator; M. Hanson, treasurer and M. A. Bates director. Dr. S. N. Insley was elected to succeed himself as trustee.

There was an appropriation of \$8,000 made for the ensuing school year. Eight ladies were present at the meeting.

Quartermaster General Rogers and two assistants of the Michigan National Guard, together with W. E. Tench of the firm of W. E. Tench and Co., of Detroit, were in the city Tuesday and made a thorough inspection of the grounds at the Hanson Military reservation. Tench & Co. have the contract for clearing the lands preparatory for the camps and drill grounds.

L. P. Olson has purchased a Ford and will soon be driving it. Miss Bessie Smith of Marlette is spending her vacation with her sister, Mrs. Oscar Hanson.

R. D. Connine and wife are in Traverse City attending the funeral of Mr. Connine's mother.

Mrs. Albert Wetz, of Dayton, Ohio, who was formerly Miss Bessie Metzler of this city, is a guest of her sister, Mrs. A. B. Failing. Mrs. Wetz and family were among the sufferers during the recent floods in Dayton and tells of some of the experiences they underwent.

to begin his tour of the Upper Peninsula last one week. He will make one more appearance in the Upper Peninsula later in the campaign when he attends the fifteenth annual convention of the Upper Peninsula American Legion Posts at Escanaba July 19th.

After spending Wednesday in Newberry he planned to go on to Negaunee for Thursday, Iron Mountain Friday and Calumet Saturday. He will be in Ironwood Sunday, flying from there to the National convention and reunion of the 42nd (Rainbow) Division with which he served during the war.

At the beginning of his trip the former governor had spent most of his active campaign in a criticism of the New Deal. Since his announcement he has made no direct thrust at Senator James Couzens, his opponent in the Republican Primary. Couzens, cruising on the yacht, "The Buccaneer" will be in Upper Peninsula waters during the Brucker trip, but has not announced any speaking engagements in that section.

The former Governor's only possible reference to Couzens in a public appearance was a week ago at Jackson when he said, "Any man who expects to be nominated this year must subscribe to the principles of the American Government as we knew it before the New Deal. He must not be a man selected by Jim Farley nor one who has been endorsed by the Democratic State convention within the past 30 days."

Couzens was endorsed by the State Democratic convention in Grand Rapids, making Brucker's thrust directed at him as well as others endorsed there.

The territory Brucker is invading has long been regarded as a Couzens stronghold.

Democratic funds are also aligned against the former Governor in this section which has been hard hit by the depression and is heavily loaded with WPA and other Federal projects.

Granite Paper
Granite paper derives its name from its appearance, which is brought about by mixing short colored fibers with the pulp from which the paper is made. These fibers are very short and give the paper a colored effect depending upon the fibers used, even though the pulp itself is white. Unless the eye is very superior it is necessary to examine this paper with a magnifying glass in order to distinguish it from colored paper.

What S. Cobb Thinks about

Home's Private Treasury

SANTA MONICA, CALIF.

—Had it not been a foreign dispatch, a fellow might have thought it referred to one of our own investment councillors, specializing in looking after widows' and orphans' funds, and having a neat line of European securities to dispose of, and prominent in well-fare work and up-lift movements in his home community—in short, a typical specimen of sub-variety that seemed to sort of peter out in the years immediately following 1929, some quitting by request, some by indictment and some just vanishing into space, taking with them the clients' remaining cash assets, if any.

But this happened to be a cablegram from Geneva stating that, when Emperor Haile and Farewell Selassie hurriedly departed from his capital, he so thoroughly cleaned out the bank of Ethiopia that all the invading Italians found in the vaults was a large throbbing vacuum.

How Mencken Can Write
THIS campaign will live right up if Henry Mencken, the official human gumball of the writing craft, takes pen in hand to discuss the men and the issues. You may quarrel with his premises and dispute his conclusions.

But can he make the language pop like a bull-whip? When he gets excited he throbs like a mashed thumb, and cuts loose like an avenging angel. Expressing himself, he always picks words of the right shape and the right color.

Literary Garbage
LET'S admit that southerners of the Col. Carter of Cartersville type were mainly the far-fetched creations of overly-sentimental fictionists. Let's admit the business of painting a largely imaginary atah-de-wah South was for many years crowded.

But why, in the revolt to debunk this sugary romance, should the land so generously spawn a crop of alleged realists who'd have the rest of the world believe the only party of the South worthy of being written about is almost exclusively peopled by loathsome degenerates of the "Tobacco Road" variety?

If one of these literary garbage collectors will but look about him, he'll find southerners who might make interesting copy and yet, excluding that they leave the sugar out of the corn bread and the lower case "r" out of the language, are pretty much like the run of their fellow Americans elsewhere.

Gas Station Service
AN OPEN LETTER to the gasoline companies:
Dear gasses—Why must the customer have the windshield wiped—If he doesn't want the windshield wiped?

Maybe he's in a hurry. Maybe he fears the youth with the squirt gun will only mess up the windshield worse than ever. Maybe he's nervous and prefers a blurry outlook so he can't see how many close calls he's going to have from being knocked cold by lady motorists.

Even so, unless he fights like a tiger, he must endure the windshield wiping. I commend the politeness of your attendants, though deploring their frequent habit of apparently going somewhere about a quarter of a mile back of the station to make change. I admire your enterprise and your pumps are indeed works of art. Your highway signs so all the grateful eye that we don't have to look at comparatively dull things, such as scenery. But my dear gasses, there comes a time when too much service becomes a nuisance.

Rescue First Aid Measures
WHEN those three gallant men were imprisoned in that Moose river mine cave-in in Canada, facing death in the darkness—oh of them, you'll remember, did die—and the rescuers finally bored a slender shaft through to their living tomb, almost the first thing sent down from above was some hot coffee with a slug of brandy in it.

Now the Rev. A. A. McLeod has formally protested to the government of Nova Scotia about putting in the brandy.

So I've been sitting here all day trying to make up my mind. If I'd been buried in that freezing, Algonkian pit, which I'd prefer to have sent along some spiked coffee right away or keep the mixture up on the surface and lower the Rev. A. A. McLeod with a pitcher of ice water.

It's one of those things a fellow really can't decide offhand.

George A. Granger, City Clerk.

CAMP AUSALE

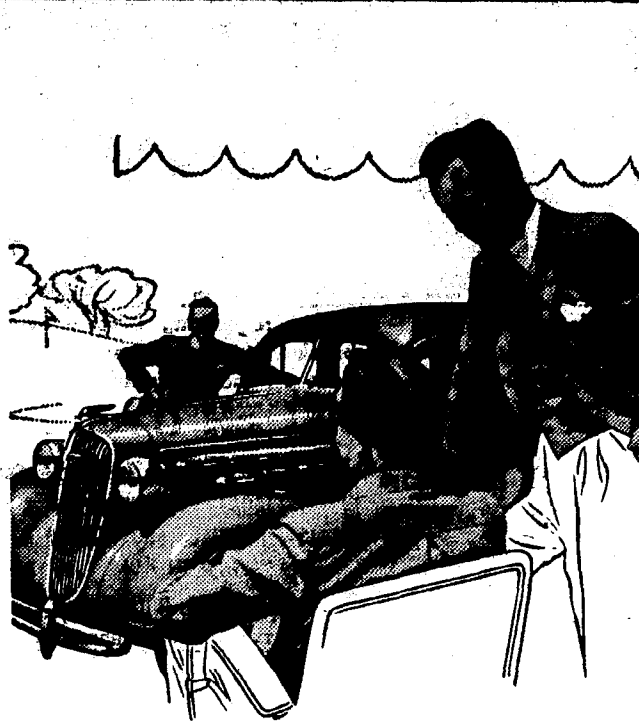

Careful Driving Class

A large illustration chart has been made showing dangerous curves, cross roads, turns, hills and various positions showing the results of incorrect methods of driving and the demonstrated correct method of avoiding serious accidents. This method of learning to cut down the number of automobile deaths seems to secure good results. Each enrollee will attempt to demonstrate how to avoid accidents and will learn by doing.

Karolies Return From Red Cross Life Saving Class

Enrollees Otto and Yurisch, have returned from Life Saving Class where they attended a school in life saving. Both lads were successful in passing all tests and will soon receive their certificates as Senior Life Savers. This will be an added protection to the enrollees who go swimming. There will be an experienced life guard on duty at all times.

W. Brucker Files Nominating Petitions

Former Governor Wilber M. Brucker's petitions for nomination as a Republican candidate for the United States Senate were filed in Lansing Tuesday amid an impressive ceremony, Secretary of State, Orville Atwood accepting the petitions on the steps of the State Capitol, at the termination of a Brucker parade.

The Wayne phalanx of the parade left Detroit early Tuesday and met groups representing several other counties in East Lansing where they were joined

WILBER BRUCKER

also by the V. F. W. Drum & Bugle Corps of Lansing which lead the parade from that point. A covered wagon, drawn by a yoke of oxen, also fell into line there.

Brucker spoke briefly at the ceremony, thanking his supporters and commending them for their already strong organizations in his behalf in their counties.

The petitions were selected at random from each county to make up the legal maximum which can be filed in a Senatorial candidacy.

Tuesday evening the former governor attended a banquet of the Republican Service Men's League in his honor, and also a meeting of the Ingham County Brucker for Senator Committee, leaving early Wednesday morning for Newberry where he was

MANY PARTICIPATED IN RECREATIONAL PROGRAM

An estimate has been taken for the period of one month during the past winter and some 2,325 children and adults have participated in some form of recreational activity carried on by the W.P.A. Recreational Division of Crawford County.

Grayling had 500 boys and 366 girls taking part in some activity, such as winter sports, physical games, handicraft and short wave radio work. 332 men participated in the 22 gun club at the Finn Hall. Physical activities and the gun club were under Elmer Fenton's supervision. Handicraft and radio work were handled by Arthur Clough. The radio group completed eight shortwave all-electric sets, a code practice set, and a limited shortwave transmitter. The handicraft group completed various useful articles such as book ends, pads and padholders, ash trays, doll furniture, suits, molded articles, and tin can novelties.

Frederic had 687 men and 197 women who participated in the 22 gun club held at the town hall under the supervision of Lee Crandall. 150 boys and 93 girls took part in a 22 gun club, social games, and music carried on by Vance Horner. Music instruction on string instruments are also given by him and a small orchestra was formed under his leadership.

Throughout the winter program there were no accidents reported from any of the activities, which we feel is remarkable and hope we still can keep our record clean.

Contributions from business men and organizations at various times have helped the program here and was greatly appreciated by the leaders.

This program is still going on in the county and activities such as adult soft ball and horse-shoes are popular, while the children are enjoying games, soft ball, and swimming. Hikes and camping trips are being planned for during the summer. Any one wishing new activities or joining present activities, see one of the W. P. A. leaders.

GET SHARE OF CREDIT

Local Michigan Central officials and employees are receiving congratulations for their line's share of credit for the special award granted the New York Central system by the Harriman Museum of Safety in recognition of 12 consecutive years without a single passenger fatality in train accidents.

The citation, just announced, is the first of its kind granted by the Harriman Memorial in its 25 years existence and declares that the record for passenger safety is the best ever shown by Class 1 roads.

The certificate of special commendation declares the New York Central lines, with the Michigan Central mentioned as are the other four lines in the system, have made a "splendid contribution to safe transportation" and recalls that these lines "operated 38,192,972,901 passenger miles, equivalent to 87,198 years of travel at the rate of 50 miles an hour, without an accident."

Notification July 23

Topeka, Kas.—Fresh from his recent vacation in Estes Park, Gov. Alf M. Landon, Republican nominee for the Presidency, is shown here as he returned for the special session of the legislature, and for his notification ceremonies July 23.

Hamilton Bares New Deal Fears

Sees 'Victory for America' This Fall, in Speech at Chicago.

CHICAGO, ILL.—John D. M. Hamilton, new chairman of the Republican National committee, opened the Republican Presidential election campaign in the West with a ringing, straightforward declaration of the misdeeds of the Roosevelt administration and its fear of obliteration which the public recognition of these misdeeds has produced.

His speech was delivered at a dinner given him by the Republican Finance committee for Illinois. As he finished upon the note: "There can be only one outcome in November—a victory for America!" the more than 3,000 listeners cheered wildly. It was the largest political dinner in Chicago's history; 1,200 were turned away.

In the early passages of his speech, Hamilton dwelt upon the "phony" character of the claimed New Deal confidence in re-election, and endorsement of its candidate—confidence he said was unreliable for the very fact that it has been bought with payroll jobs and the taxpayers' money.

Points to Farley's Fears. Hamilton also cited the futile imitations of the Republican platform advocated by President Roosevelt with respect to the Democratic monopoly plank, the civil service plank and the plank on balancing the budget. He characterized these imitations as sincere flattery.

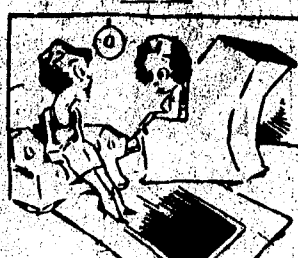

"There has been a sudden end to the talk that the Republican party would carry only six states in November," Hamilton declared. "On the contrary, the chairman of the Democratic National committee felt obliged to tell the delegates to the Philadelphia convention that confidence was not enough. And in the last few days supporters of the administration have been disheartened by the extraordinary spectacle of their candidate for President so uncertain of carrying his own state that he must draft the aid of a governor, whom he himself placed in office, at the sacrifice of that man's own personal preferences and political future."

Hamilton expressed sympathy for James A. Farley, "jobmaster general of the New Deal," declaring: "He has undertaken to see that his candidates are re-elected in November and quite plainly he doesn't know how it can be done."

Frustration of Business. Business, the small business man particularly, owes little thanks to the New Deal, Hamilton said. "He has ridden through a period of uncertainty; he has lived through an organized attempt by government through the NRA to freeze business activity, and to limit production for the benefit of the larger and elaborately organized business. He has spent hours of the time which he would ordinarily use in running his business in filling out questionnaires and in filling innumerable pages of statistics, which are now moldering in government vaults. He has seen the tax structure of the country completely revamped by two revolutionary bills. As the result of the latest legislation he faces a situation where government, through its taxing power, is favoring the big corporations at the expense of the smaller businesses seeking to expand."

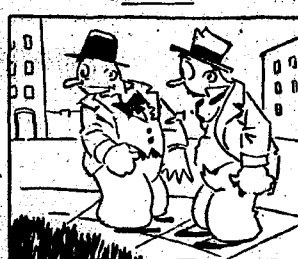

Hamilton predicted that citizens would not be fooled out of realizing the excessive burden of taxes. "They will note the perfectly correct horror with which Mr. Roosevelt views gambling with other people's money, but at the same time they will note he fails to mention the gambling in which irresponsible New Deal officials have indulged, not only with our money but with money which our children will have to produce."

TOODLE-DO!

"Why didn't you return Charlie's ring and presents?"
"I regard them as spoils of war taken in my first engagement."

SURE SIGN

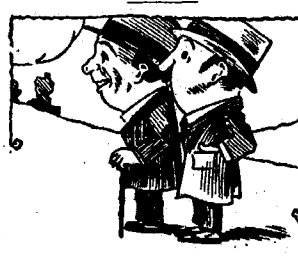

"You say the Flaps are going to move?"
"I think so; they have begun to scratch matches on the walls."

GOOD SHOWING

"How's his credit?"
"It must be good. I understand he owes everybody money."

HOME TIES

"The after dinner nap is my favorite hour of the entire Sunday."
"I thought you didn't sleep after dinner."
"I don't, but my wife does."

SIGNING OFF

Doctor—You are suffering from a complication of diseases sir—at least six, sir.
Patient—I suppose you'll allow me a discount on the half dozen, doctor?

NOT REGISTERING

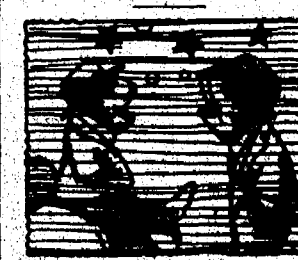

"Why do you start to laugh now?"
"I'm just beginning to tell a funny story."
"You're getting it off backwards, dear boy."

NIBBLE, NIBBLE

Mr. Mouse—Yes, we are very happy, we've moved next door to a cheese factory.

JUST GAZING AWAY

"A beautiful, clear night, isn't it?"
"Yes, all the stardust are out."

THROUGH A Woman's Eyes

By JEAN NEWTON

THE BIGGER THEY ARE, THE SMALLER THEY LOOK TO THEMSELVES

"SHE was so modest, she seemed the most humble woman in the room. With all those people there just thrilled to meet her, she acted as if she were being honored. If I did not know her well I should have thought her shy. But it wasn't that; it was just her extreme modesty. It never seemed to occur to her that they were all waiting for some word from her—the way she kept in the background!"

A friend said that to me about the conduct of a distinguished author at a large reception given in her honor. More than a distinguished author, she was world renowned for service rendered to her country in times of danger and stress. Indeed she had more than once merited, in authoritative circles, the adjective "great."

However, what surprised me was not this woman's modesty, but my friend's surprise with regard to it. For a very few of the great or distinguished people whom it has been my privilege to meet were haughty or conceited or arrogant. The truly great are always modest, many of them shy. Did not Professor Einstein say the only thing he feared in America were the reporters—whom many a third-rate performer awails with aplomb?

And the distinguished are usually modest. It seems to me the reason for this is obvious in that those who have scaled the heights to the larger view see the insignificance of their own part in it all. The bigger they are, the smaller they look to themselves, as the person with very narrow vision can very easily see himself as more important than he is.

Don't miss the chicken dinner Sunday to be served by the ladies of St. Mary's Altar society in the basement of the church. Serving will begin at 12:00 o'clock. Price 50c.

Frank Deckrow is one of Grayling's oldest residents and he says that never before had he experienced so long a drought as we are now going thru, and had never seen the temperature reach 104 in the shade. That was probably the record high temperature for Grayling.

At the annual school meeting Monday night, T. P. Peterson and James McDonnell were re-elected members of the Board of Education of Grayling School District No. 1. There was a small attendance. A full report of the meeting will appear in an early issue.

Frank Sales has just had his house sided with new asbestos shingles furnished by the Grayling Box Company, and the A. J. Joseph house also is being sided with the same material. Nelson Corwin is building a new cabin down near Wakeley's bridge and is using the asbestos shingles also.

County Treasurer Wm. Ferguson was in attendance at the State Treasurers convention held in Port Huron last week. There were seventy-five county treasurers present, which Mr. Ferguson says, is a remarkable showing. He says the session programs were valuable for the information that was given the treasurers.

The oil that was placed on the streets recently to keep down the dust has been a God-send the past warm, dusty spell. There was a certain amount set aside by our City fathers for the purchase of the oil and it was placed on streets that had the heaviest traffic. However, Maple street for four blocks was not treated to the oil as it is soon to be paved for that distance.

The pre-school and infant clinic held July 8th at the Grayling school building, was very well attended in spite of the heat. Much credit goes to Mrs. J. L. Martin for her work in its preparation and help with the records. Among those who also assisted were Mrs. Gorman, Mrs. Edwin Carlson, Mrs. Leo Jorgenson, Mrs. Albert Knibbs, Mrs. Carlton Wythe, and Mrs. Wm. Jensen.

The Fire department made three runs during the past week, but all three fires were of small consequence. Sunday, it was called to Schweitzer & Company, where papers had become ignited from combustion; Tuesday to the home of Mrs. Minnie Benson, called as a precaution, as an oil stove had become ignited; Wednesday noon, the alarm was sounded from the Howard Smith residence. Fire resulted from gas range but was extinguished before the fire department reached the home.

If there are any amateur entertainers in town or in the surrounding C. C. C. camps, who aspire to reach great heights, there is a golden opportunity awaiting them at the Heart Lake club every Friday evening. There are prizes for the winners and a grand prize for the Friday following Labor Day, when all first prize winners compete for a week's booking in Detroit. Anyone, wishing to enter these contests may do so by applying at the Heart Lake club or seeing Ted Wheeler.

We believe it's about the first time in Grayling's history that folks found it necessary to make beds in the out-of-doors in order to sleep. It's been nothing to see beds, cots, etc., on porches and lawns the past ten days. During the summer Grayling could always boast of its cool nights, no matter how warm the day was, but this has not been the case the past 10 days, when there was little relief from the extreme heat even during the night. Most homes were so warm during the night that they were unbearable.

When the July term of Circuit court opened Tuesday, Edward A. Biltzke, newly appointed Circuit Judge was on the bench. Sitting on a bench and practicing before a bar are quite different, but Judge Biltzke proved himself equally able as a judge as he has been a lawyer. By his questions he seemed able to get right down to the bottom of things and find out what they were all about. In every sense he manifested excellent judicial qualifications, and we cannot help but feel that the 34th district is going to be able to boast of having one of the most able judges in Michigan.

Melvina LaBrash, 8-year-old daughter of Edmore LaBrash, of Flint passed away Saturday night in that city Saturday. The little girl died as the result of burns received several weeks ago when her clothing caught fire as she was trying to kindle a fire in the kitchen stove of their home. Besides the father, the child is survived by two sisters and two brothers, Mary Francis, Arlene, Paul and Carl. The mother passed away early this spring in Flint. Mrs. Paul LaBrash, the child's grandmother, Mr. and Mrs. Conrad Sorenson and Ed Pratt attended the funeral, that was held at St. Agnes church, Flint, Monday morning.

CRAPO LAKE MAN DROWNS SELF AFTER ATTACKING SCHOOL TEACHER

Miss Rachael Crume, age 32, school teacher of Findlay, Ohio, lies in a critical condition at Mercy hospital, having been clubbed on the head and body by Mike Lux at Crapo Lake, 30 miles northeast of here, this morning. Miss Crume was stopping at a cabin belonging to Lux, and was attacked by the man about 8:00 o'clock.

Lux, who was about 50 years old, later drowned himself in the North Branch of the AuSable river. It is believed Lux had lost his mind. He had lived at Crapo Lake the past year.

Mr. and Mrs. Marius Hanson of Gaylord have returned to Grayling to reside.

Old age assistance has been granted to William S. Felton and Mrs. Julia Rogers of Crawford county.

The James Bugby family are "taking it cool" these warm days; having rented the cottage of John Bruun, at the lake.

Quite a number of local people were prostrated by the extreme heat of the past week, but all are recovering nicely now.

Members of the Legion Junior baseball team are sporting nifty new suits that were furnished by some of our enterprising business men.

Mr. and Mrs. Harry McEvers are happy over the arrival of a son, George Eric, born Saturday, July 11. The little fellow weighed 8 1/2 pounds.

William Pochelon has purchased a Standard tudor with trunk from Burke's garage, and Claude Cardinal is driving a fine new Standard Tudor.

The Connine Grocery has a fine new GMC delivery truck. The City of Grayling too just put on a new GMC 1 1/2 ton truck. Both jobs were purchased from the Schoonover garage.

Don't miss the chicken dinner Sunday to be served by the ladies of St. Mary's Altar society in the basement of the church. Serving will begin at 12:00 o'clock. Price 50c.

Jimmy Feldhauser, five year old son of Mr. and Mrs. Paul Feldhauser, of down river, is a patient at Mercy hospital, where he is suffering from spinal meningitis. He is getting along as well as may be expected.

American Legion Drum & Bugle corps went to Lincoln last evening to help the ex-service men there organize a new post. They were greeted by a large crowd that had gathered from the surrounding country to watch the parade.

Honoring Mrs. Harold Hatfield, a number of ladies gathered at the home of Mrs. Tracy Nelson Thursday evening. Prizes for games were awarded to Mrs. Carlton Wythe, Mrs. Leo Jorgenson, and Mrs. Tracy Nelson. Pot luck lunch was served and Mrs. Hatfield presented with many lovely gifts.

JUNIOR LEAGUE TEAM TRIMS ROSCOMMON

Last Friday afternoon the local Junior baseball team went to Roscommon to take on the league team from there. With the able pitching of Robert Hanson, Grayling kept in the lead from the start. He also knocked a long home run with one man on base. Theon Deckrow is doing a good job as catcher, being a regular second "Mickey Cochran."

The final score was Grayling 8; Roscommon 3. Next Friday the team plays at Mio at 3:00 p. m.

Heat Waves

Just as the Western Indians have prayed for rain ever since they breathed their first breath—so Grayling, along with every other city in the Union, has prayed loud and long for cooling showers to subdue the terrific heat waves. But no rain yet.

Early morning risers have become accustomed to the array of sleeping paraphernalia which has become the main adornment of almost every porch, and lawn in the city. Army cots, day beds, mattresses, and even full-sized beds have been moved from rooms of intensive heat to take up a prominent place in the great out-of-doors.

There is the townsman who, aware of the fact that his electric fan was sending out air of 80 degrees over, set his fan to revolving over a cake of ice and kept the local ice men making trips to his establishment on 24 hour shifts.

Then there is the sad case of our local jewelry man who declares that, resting in an upholstered chair, he burned holes in his clothing from the intense heat of the upholstered tacks.

This same gentleman declares that he has experienced the terrific heat only once in his career and that was in the year 1900. Mr. Mills says that at that time scalding rains, falling on stove-laid pavements, turned into steam and sent hundreds of humans to hospitals with badly burned limbs. Mr. Mills says the only reason he escaped was because of the fact that, when the rain descended upon the city, he was in a beer garden partaking of a "coke" with some of the local boys.

The mayor of the city has repeatedly been approached on the matter of allowing business women to wear shorts in the various offices. Thus far, Mayor Chris has turned down every petition. As highest city officer he believes in equality and states that, inasmuch as men are far too modest to go about in anything but fullest dress, it would be gross unfair to the local chaps. We can at least try!

Beads Through the Ages

The earliest objects supposed to be beads are small fossils, found among the Acheulian remains, and by the Aurignacian period there is no doubt that beads made of tooth, shell, bone, ivory and most of all chamolite teeth, these latter "beads" having two formations, were worn in large quantities.

Down Stream

By H. B. Smith, III

In last week's column a mistake was made and some Local News which we had handed in was added to the column. Unfortunately, this news concerned the happenings around the Smith cabin and was not meant for the column. We hope we may be forgiven for seeming to write up Ginger Quill.

For the future columns, we would like to print one interesting story that has happened to people living in or around Grayling. If any are interested, I hope they will send their stories to us. (Editorial we).

The hot weather has practically ruined the day fishing and the good catches have been caught at night or in the early morning. The most effective fly has been the "Borchers Special" which is tied by Ernie Borchers, and a close second is a number twelve "Adams" tied with short wings and a large body. After dark the Squirrel Tail proved to be the most alluring fly.

Last Wednesday, Mrs. Irland and three friends, Miss Helen Irland, Mrs. Willis, and Mrs. Wilson, arrived at the Irland cabin on the AuSable prepared for a pleasant vacation. Also, Mr. and Mrs. Mikesell motored to Grayling from Washington, D. C., to visit their son, Mike.

The heat which has been dominating this country for the past week has a great effect on the water. The temperature of the main stream of the AuSable has gone as high as seventy-two degrees Fahrenheit. And the North branch has gone as high as seventy-five. We hope this doesn't keep up much longer or one will soon be able to boil potatoes in the river water.

Last week-end a party of four, including Mr. Bullock, from the Recreation club, fished the South branch and at twelve o'clock at night Mr. Bullock caught a 25-inch Brown on a dry fly. This is about the largest fish we have on record for this year which has been caught on a dry fly.

The appearance of coyotes in this region has surprised many people. Last week we had two reports of coyotes being seen near the river. It seems that Major Hauxhurst and a friend decided that the weather was too hot for them and took a beautiful spill out of a canoe last Monday enroute to Connor's flats. The Major might be able to stand a few lessons in paddling a canoe, but it happens with the best of guides.

And now for the first tale which was related to us by Mr. Frank Cochran. It seems that

Frank, if we may be so informal, did a little trapping one year for mink. After setting his traps near the river bank with a delicate piece of meat he left them for several days. When he returned to his trap, he found a beautiful Brown trout in it. The only explanation that Frank could give was that the trout had been very hungry and had jumped into the trap which was situated on a flat rock near the water's edge. Mr. Cochran ended his tale with a "Baldy, I certainly was surprised."

We hope that we may have many more stories to tell, and that those people who know some good ones will send them in.

Maple Forest

Mrs. Harold Sheldon and two children of Otsego are visiting her parents, Mr. and Mrs. J. W. Smith, for some time.

Adolph Delaire is seriously ill. He was moved to Grayling last week so he could be under a doctor's care.

Mr. and Mrs. Riley Merrill and children of Flint, and Mr. Merrill's mother, Mrs. John Merrill, of Mt. Morris, visited at the John Wilcox and Charles Craven homes. They also enjoyed an afternoon at Otsego Lake State Park while here.

Kenneth Allen who has been visiting at the home of his grandparents, Mr. and Mrs. John Wilcox, has returned to his home in Flint.

Visitors at the John Wilcox home Sunday were Henry Verlinde and family; also Stanley Lazarowicz and family.

Donald Lovely of Grayling spent a few days visiting his uncle and aunt, Mr. and Mrs. Archie Howse Jr.

Lovells

(Too late for last week.)

J. W. Anderson of Detroit, entertained his son James and a party of friends at the Anderson Lodge over the Fourth.

Mr. and Mrs. Glen Gregg and sons, Darwin and Forrest, and Miss Iris Nephew spent a few days visiting Mr. Gregg's father at Cadillac.

John Sunday is on the sick list at this writing. Guests at Big Creek last week were Dr. and Mrs. Clipper, Mr. and Mrs. Fred Lowery, Mr. and Mrs. Craig, Mr. and Mrs. Leonard Clemett, and Mr. and Mrs. Richie, all of Detroit.

Robert Feldhauser and Charles Feldhauser and son Otis, of Maple Forest, are helping Arthur

Feldhauser put up hay.

Mr. and Mrs. Charles Symons entertained Judge and Mrs. O. Keime of Saginaw, over the 4th. Mr. and Mrs. Albert Pochelon entertained their children, all of Leelanau, last week end.

Edgar Douglas has been quite ill but is able to be around again.

MY EXPERIENCE BEFORE THE SUPREME COURT

(By Edward A. Bilitzke, Circuit Judge)

I wish to take this opportunity to relate to you some of my interesting experiences in appearing and arguing a case before our supreme court.

I have been fortunate in having the opportunity of appearing before the court on three occasions. On two of these occasions I presented and argued the cause before the court. I consider it a rare opportunity and privilege to be able to appear before that court, because few attorneys experience such an opportunity.

The work of the average attorney will never bring him before the bar of the supreme court of the United States, because of the peculiar and limited jurisdiction of that court.

In 1931 I was charged with the responsibility of appealing a decision of the Circuit Court of Appeals to the supreme court. The lower court had held against the claim of the State of Michigan and we sought to reverse that decision. That case presented a limited appeal—that is the supreme court did not have to accept jurisdiction but would do so only upon a proper showing.

The most inspiring event is the opening of court. The marshal is dressed in full dress—clerk is attired in the same manner—young boys take their places behind the chairs of the justices to bring to them books and papers as needed. Then as the justices file into the chambers and quietly take their seats you realize you are before the most powerful court in the world, and that their decision is final. I was successful in my efforts and the court by its opinion reversed the circuit court of appeals.

My second argument before the court was in the spring of this year in a case of which the court had original jurisdiction—the controversy involving the boundary between the State of Michigan and the State of Wisconsin. Again Michigan was successful in sustaining her contention before the court. The line was established giving to Michigan the large water area in Green Bay and Lake Michigan to which we were rightfully entitled.

From the standpoint of an attorney who is appearing before that court for the first time I wish to relate a few experiences. The court is hearing the issues in your case for the first time. There has been no preliminary examination of the briefs filed by counsel. For that reason the nine members of the court are apt to take a considerable time in asking questions, thereby acquainting themselves with the facts which present the issue before the court. You will find them searching in great detail for all the minute facts which are ordinarily found in the question presented. If the court feels there is no merit in your argument, you will notice the members of the court whispering to each other, and you are apt to be interrupted by the Chief Justice and told that the court does not wish to hear further argument. The time of the court and the volume of work is too great to permit it to listen to a frivolous argument.

There is a custom among the older members of the bar, to appear before the court in full dress—tailcoats. There is no rule regarding this custom, but you will find that the older attorneys will abide by it.

The court is very anxious to know that it has jurisdiction of the case before it, and therefore concerns itself with that question before permitting arguments on the merits.

An attorney should not prepare an argument expecting to be able to submit it without interruption. The court expects you to know your facts thoroughly, and to be able to turn to the record in support of your contention.

The importance of the work requires the utmost secrecy, and it is marvelous how the court's decisions are unknown to the public until announced. The decisions are announced orally from the bench on Monday of each week by the justice who has written the majority opinion. The court convenes at 12 o'clock noon. The first order of business being motions and admissions to the bar.

The secrecy surrounding the decisions of the court is reported to lie in the system followed by the court. Only one outside man sets the type and has knowledge of the decision. The opinions are printed and retained by the court until announced from the bench. During the past year how important it was to keep the work of the court within the court's chambers for the least inference would have had such an important effect on stocks and bonds. I recall in this connection the opinion in the Gold Clause Cases—NRA—AAA and Tennessee Valley Authority cases—and Railroad Pension cases.

"TOUGH GUY" ISO-VIS "D" CAN TAKE IT!

KEEPS YOUR OIL LEVEL UP AND YOUR OIL COST DOWN

Standard's Premium Quality Motor Oil laughs at long hauls

Here's motor oil that doesn't get tired! Neither the long grind of summer driving nor frying engine temperatures can

sweat out the qualities which make it good—its toughness!

By a special process, sludge-forming and carbon-forming impurities have been removed from ISO-VIS "D"—it's all oil! The things that weaken other oils with wear are removed from ISO-VIS "D". That's why it's so good! That's why it lasts.

It lubricates better—longer. You use less—spend less—with ISO-VIS "D".

MORE MIDWEST DRIVERS USE ISO-VIS "D" THAN ANY OTHER PREMIUM QUALITY OIL

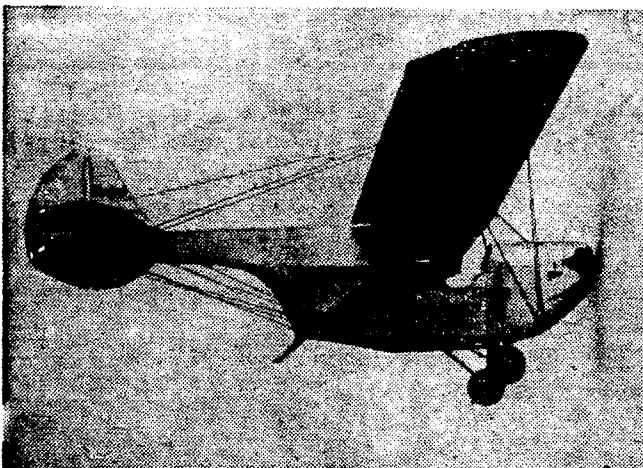

And it's only a Quarter a Quart!

Plus Michigan General Sales Tax 10¢ a qt. plus Federal Tax 10¢ a qt.—total 20¢ a quart.

Swing through your Summer's driving with new economy, new engine protection—ISO-VIS "D" will give you these. It's for sale at the STANLEY SERVICE. Wherever you see that sign ask for ISO-VIS "D". The Standard Dealer has the right grade for your car. Let him drain, flush, and fill your crankcase with tough, lasting ISO-VIS "D"—start saving now.

(With ISO-VIS "D" in your crankcase you wouldn't need to change oil again for an indefinite length of time—if it weren't for road dust and gritty foreign matter which eventually turn every motor oil into a grinding compound. ISO-VIS "D", itself, won't wear out! But for clean oil and safe driving check your car and change oil every 1,000 miles. Change now, and run your next 1,000 on ISO-VIS "D".)

CHECK YOUR CAR FOR SAFE DRIVING AND LUBRICATE EVERY 1,000 MILES!

THE airplane that is heralded as one that "even grandma can fly with ease and safety," is shown soaring through the sky at College Park airport, Washington, when it was put through tests for the benefit of the bureau of air commerce. The plane was designed and built by A. B. Green, and is a radical departure from usual airplane construction. It has a wing span of 30 feet, can fly 75 miles in an hour on 2½ gallons of gasoline, and weighs, empty, only 465 pounds. This ship will sell for about \$700.
